

## **ATR II GPRA Follow-up Conference Calls**

Conference calls have been scheduled to discuss collection of six-month GPRA follow-up data. Provider staff who work in the area of obtaining Consumer Locator Data, Consumer Follow-up Tracking data, and GPRA Follow-ups are highly encouraged to join in these conference calls.

Providers who have been successful in the collection of GPRA follow-ups will be asked to briefly describe the methods they are utilizing to obtain high rates of GPRA follow-ups.

Questions and discussion will follow to assist providers who are having difficulty collecting this data. These calls are hosted by DMH staff but are unscripted calls to allow programs to share methods that have been successful.

The calls are scheduled on the **first Friday of the month, 9:30 a.m. to 10:30 a.m. as follows:**

December 5, 2008

January 9, 2009 (**Second Friday**)

February 6, 2009

March 6, 2009

April 3, 2009

Time: 9:30 – 10:30 a.m. for each date

The toll free call in number is: **(866) 630-9356**. If you have any questions or suggestions, please feel free to contact me.

Mark R Shields, MEd, LPC, CASAC
